MONTHLY NEWSLETTER
of the FALCON CLUB OF AMERICA

APRIL 1981
VOLUME II, NUMBER IX

Yearly dues to the Falcon Club of America are \$10.00, payable to the Falcon Club of America, 629 N. Hospital Dr., Jacksonville, AR 72076

The Falcon Club of America is a non-profit corporation in the state of Arkansas and is dedicated to the restoration and preservation of FALCONS built by FORD MOTOR COMPANY from 1960 thru 1970.

The Falcon Club of America Newsletter is published monthly with information furnished by its members. The club will not be held responsible for errors. Legitimate errors will be corrected in the next issue when requested.

OFFICERS:

PRESIDENT: Roy E. Sword, 629 N. Hospital Dr., Jacksonville, AR 72076 Phone 1-5-1-982-1029

VICE-PRESIDENT: Glen Acrey, 1208 South Center, Lonoke, AR 72086

SECRETARY: Peggy West, 1005 Regal Dr., North Little Rock, AR 72118

ASSISTANT EDITOR: Roy Sword, 629 N. Hospital Dr., Jacksonville, AR

PARTSMASTER: Charles Davis, 3010 Pikewood Dr., Bryant, AR 72022

NOTE TO ALL MEMBERS: The club will send out notices to each member the month before their membership expires. Be sure to send your renewal in early to retain your original number as you joined the club. If a member has not renewed within 90 days after their membership has expired, their number will go into an inactive file. The number will no longer be used by the club.

PRESIDENT'S MESSAGE

The first thing I feel I should write about is the Newsletter. Several members say it is taking about a month to get their Newsletter. I have studied this very careful and there is only a couple of things I feel we can do.

(1) make the cut off date for ads & N/L material the 15th of the month before the month of the N/L. so we can mail it out earlier.

(2) raise the dues so we can mail "FIRST CLASS",
So I have decided to take it on myself to change the cut off dates on ads. Effective May 1981, The deadline for the June Newsletter will be May 15, 1981. Any comment on this or the Newsletter are welcomed.

We will be trying to make up a new roster for everyone now, so many of the club's newest members who haven't received one should be getting one in a couple of months.

Roy E. Sword, President
Falcon Club of America

INFO WANTED:

I am trying to find some information about 4 speed gearboxes. I have a 65 Ranchero that has a three speed floor shift that must have replaced a four speed. The truck has a 200 C.I. six. The six is original as I purchased the truck from the widow of the original owner. She states that the transmission was changed years back for reasons unknown. I would like to put the four speed back in, but so far I have been unable to determine which gearbox was used. I have a spare HEH-E out of a Sunbeam Tiger and it is a four bolt pattern as is the six in the truck. I have been told that there approx. six differant mainshafts. Can anyone claify the problem. So far my shop manuals and part interchange manual have been no help. Ed Sanders POB 115, Bedford, KY 40006

PARTS INFO:

Replacing worn or cracked steering wheel assys on Falcons is becoming more difficult as N.O.S. parts are depleted. Ford sometimes crosses over into thier truck lines with automotive parts. Such is the case here, Trucks 1961-1970 ½ ton through 1 ton models use the same steering wheel assy as the Falcon 1960-1963. Also Bronco 4X4 1966-1977 used the same wheel as Falcon 1964-65. Worn brakes & clutch pad covers used on Falcon 1960-1965 can be replaced by using Ford pickup pads 1961-1972.

These parts are still available from Ford truck parts centers and several colors are available on wheels.

Q.

I have a 61 Ranchero with a 170 six, Auto Trans, the car runs great the motor was rebuilt about 17,000 miles ago but when the car is warm it will stall when making a sharp left turn. I adj the float but thatdid not help. Could anyone help me with this problem? Also I would like to know what the is the best way to prevent Rust. Michael Steitz, 4218 E. Western Star Blvd. Phoenix, AZ 85044

I recently purchased a 1965 Falcon Futura sedan as a parts car. I was suprised to find it equipped with a C-4 automatic behind the 200 6 cyl. I had allways thought that in 1965 the only trans available to Falcons for 6 cyl application was the 2-speed Foromatic. Was this an option or was it a late year intro or was I still on the "Turnip Truck" and didn't ever see one before. Thanks for any help on this

Dave Jones #528

I have a Falcon, its in good condition but has some rust and I would like to know if anyone would know of any helpful books on doing bodywork. I sure would like to see some more parts for 69 Falcons for sale. Would be very thankful for any information .

Tom Sherron #606

'(((I have had other letters wanting parts for the later model Falcons, Some of the Ford dealers can still order N.O.S. parts/has them in stock. If the dealer does not have them just send me a parts wanted ad, There are many or our members out in the salvage yards every day and may walk by the part you want.. So send your parts wanted ads so every one will know what you need.ED..)))
